

Future Educators Scholarship Application

This scholarship was created by the North Clackamas School District to encourage and promote more culturally and linguistically diverse students to pursue a career in education. The North Clackamas School District seeks to prepare graduates who are inspired and empowered in order to strengthen the quality of life in our local and global communities. As a district that aims to be a culturally responsive learning organization, we believe that essential to this mission is to create ways to intentionally remove barriers for our students of color in order for this to happen.
